

IRB System Alert

June 7, 2019. 9:30 a.m.

The Huron IRB system is experiencing intermittent issues. GRIT has initiated a critical ticket and is working with Huron to resolve the issue. Currently, no new studies can be created. Studies that were already created should not have any issues. Please report any other issues to GRITServiceDesk@ucf.edu.

GRIT will be sending out further communication once the issue has been resolved. We appreciate your patience and understanding while we correct this issue as quickly as possible.
