Instruction (On-Campus) *	52%	52%	52%	MTDC
All Programs (Off-Campus) *	26%	26%	26%	MTDC

**Off-Campus:**

A project shall be considered off campus when a majority of the work (51% or more) will be conducted away from buildings or property owned or leased by the University of Central Florida or the University of Central Florida Foundation. Satellite campuses, FSEC, FSI, and Research Park are considered on campus.

**Modified Total Direct Cost (MTDC):**

Total direct costs **excluding** capital expenditures (buildings, individual items of equipment that exceed \$5,000 **and** have a useful life of more than one year; alterations and renovations). That portion of each subaward in excess of \$25,000; hospitalization and other fees associated with patient care whether the services are obtained from an owned, related or third party hospital or other medical facility; rental/maintenance of off-site activities; student tuition remission and student support costs (e.g., student aid, stipends, dependency allowances, scholarships, fellowships).

All rates delineated in the Rate Agreement negotiated with the U.S. Department of Health and Human Services are calculated based on MTDC.

**Organized Research:**

All research and development activities that are sponsored by Federal and non-Federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called research training) where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

**Other Sponsored Activity:**

Other sponsored activities are programs and projects financed by Federal and non-Federal agencies and organizations which involve the performance of work other than instruction and organized research. Examples of such programs and projects are health service projects, and community service programs. However, when any of these activities are undertaken by the institution without outside support, they may be classified as other institutional activities.

**Instruction:**

Sponsored Instruction includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through regular academic departments or separate divisions, such as a summer school division or an extension division. Also considered part of this major function are departmental research, and, where agreed to, university research.

\* Please note, while the negotiated instruction rate is 52%, many sponsors that fund instructional programs cap the F&A that can be recovered. In these cases, UCFRF will honor the capped rate.
